(Ooh boy, feel me, give me your love)

Take a look into these bedroom eyes, oh my  
Can't you clearly see I could give more than time  
You call me friend but you can best believe  
I want to reveal there is more to me

When late at night (late at night)  
You phone and need to groan (when you groan)  
About someone else, done you wrong, and left you low  
(Ohhh)

I say don't worry, love (don't you worry baby)  
I'm here for you (don't you fret)  
But I want to say is I'm the one you should pursue (no,  
no)

Baby gimme your love, give it to me, gimme that good  
love  
Baby gimme your love, I'm the one you should give  
your love to  
Baby gimme your love, give me your love, give me  
your love, sweet sweet love  
Gimme your love, I'm the one you should give your love  
to

Baby  
Why is it that you can't see what's right here, right here  
in front of you  
I'm the one and this is where you should be  
I'm the one you should give your love to

Baby, baby gimme your lovin'  
I'm the one who oughta get your good love  
Gimme your love, gimme your love  
Baby, baby gimme your love

Yeah, yeah, yeah, gimme your love
