One more try
One more chance
Let me show you that I have been trying
And I'll take you there
Yeah, I'll take you there
One more try
Let it go
There is more than what I have been showing
I'll take you there
Yeah, I'll take you there

And she's that girl with the evil smile she loves to show
She's taking pills for the pain, no one ever has to know
And with that look in her eyes
She's tearing me up inside
She finds her pleasure in pain
One touch will drive you insane
And she knows

One more time
Take control
There is more and you're dying to show it
I'll take you there
Yeah, I'll take you there
Well have your way
Take control
It's your face, I can never deny it

I'll take you there
Yeah, I'll take you there

And she's that girl with the evil smile she loves to show
She's taking pills for the pain, no one ever has to know
And with that look in her eyes
She's tearing me up inside
She finds her pleasure in pain
One touch will drive you insane
And she knows

Yeah, cause she will pull you deep inside
She is that one you can't deny
Don't try to fight

Cause you're the one she wants tonight

And she's that girl with the evil smile she loves to show
She's taking pills for the pain, no one ever has to know
Yeah, and with that look in her eyes
She's tearing me up inside
She finds her pleasure in pain
One touch will drive you insane
And she knows
