Visit "[Hollowed](#)" on MotoLyrics.com

Your left alone in this Godforsaken place with no place
to hide or go

As I step inside your world the darkness feeds your
eyes and you are too blind to see me there

Please forgive my means, because I must take your
soul, believe in me, I am as real as it gets

Now take my hand and lay besides me and here we go
again... under your skin

And everytime they disappear...

They think that this time they are so near

I will make a whisper out of your hair, I will make a
black rose from your despair

Now take my hand and have a little faith in me and I will
make all your dreams come true

Please forgive my means, because I must take your
soul, believe in me, I am as real as it gets

I won't tell you lies, the truth, the dreams because I am
all of them

And everytime they disappear...

They think that this time they are so near
