When you looked down from the heavens  
And saw that earth was good  
You said we should follow one way  
And that way will lead us home

When you came down from the heavens  
You came with just one plea  
You said  
Come take up your cross and follow me

I will follow you wherever you may lead  
Though the path may be rocky and steep  
To your ways i will keep

I will follow you wherever you may lead  
Though it brings me to my knees  
It's your heart i will please
