With broken hands so strong
You carry the weight of the world
You whisper loud enough to drown out the voice of
doubt
There's nothing i could do in return for what you have
given
I know that when i'm here
With you i will not fear

So i give all i am and all i've ever been to you
You are complete and with one word you release me

I am staying here
Cos my life depends on you
I am clinging on but it's you that holds me firm

So many times your voice has drowned out
The fear and the pain though i know many times
I've let them return but i'm here ready now to carry the
weight of the cross
I know that everything i lack is found in you

So i give all i am and all i've ever been to you
I am complete as with one word you release me

Waiting here i give all that i am only to you
