"I Could Search"

Visit "[I Could Search](#)" on MotoLyrics.com

I could search for all my life and never would i find
A love as pure as you can give
All the roads i've ever walked
Have only led to you
As i seek the place where truth is found

Jesus will you take my life
And make it all it should be cos my heart
Is longing for you now
Jesus may my words and deeds be glorifying to you

Cos i want to serve you with my life

Forbid it Lord that i should boast
In anything but you
For i know i'm nothing without your light in me
Everything i've ever had
Has come from you my king
Yes you even gave your life for me
