Hey there sweetheart, your face has changed positions
And it shows.

Hey hey hey hey

My love your new face suits you.

Sweetheart, your face has changed positions

And it shows.

Hey hey hey hey

My love your new face suits you.

Mark my words (you look like they do.)

The way they've all cloned (you look like they do.)

Bandages keep wounds unfocused.

You're a memory you used to mean something,

You broke my blood into about 15, 000 pieces

You took the life from me, I had to learn to breathe

Again.

I know you will see things your way.

More than just, so sour. More than just so sour.

More than just words.

Hey there sweetheart, your face has changed positions

And it shows.

Hey hey hey hey

My love your new face suits you.

Sweetheart, your face has changed positions

And it shows.

Hey hey hey hey

My love your new face suits you.

I hope I never have to see your face like an altered
Picture.

I know I'll never have to face your new face again.

Cause you're a memory, you used to mean something

You broke my heart, it took about 16, 000 stitches

You took the life from me, I had to learn to breathe

Again.

I HAD TO BREATHE AGAIN.

Hey there sweetheart, your face has changed positions

And it shows.

Hey hey hey hey
My love your new face suits you.
Sweetheart, your face has changed positions
And it shows.
Hey hey hey hey
My love your new face suits you.
