That color looks so lovely on your fingernails  
I try to speak, but it never fails  
I stumble over every sound I try to make  
For my sake  
I better quite while I'm ahead  
That smile stops me dead in my tracks  
And I'm falling through the cracks now  
And if a picture's worth so many words  
Why can't I think of one to say  
(I can't think of what to say because)  
Honey, when I'm with you  
I wish I hadn't spoke  
Because I always seem to choke

'Cause girl, you've got it goin' on  
And I've waited for so long  
To tell you, but I can't say a thing  
And oh, it's the irony  
That's slowly killing me  
I love you but I can't say a thing  
So keep quiet  
You haven't been gone long  
But I miss you  
I'll devise a plan; I'll never see it through  
But I want to  
You barely know me  
But you're lonely  
So I'll take my time  
I'll take my time  
'Cause girl, you've got it goin' on  
And I've waited for so long  
To tell you, but I can't say a thing  
And oh, it's the irony  
That's slowly killing me  
I love you but I can't say a thing  
Why should I even bother  
'Cause I know you couldn't care any less  
And I knew I never mattered  
Yeah, I know I never mattered at all  
I'll give up, I'd let go of it  
But your love is a drug that I just can't quit  
Don't tease me

I'll take it way to seriously  
But you're just messing with me  
'Cause girl, you've got it goin' on  
And I've been waiting for a long time

Yeah, I've been waiting for a long time...
