Hello again,  
I know it's been  
A while, but your smile's still the same  
And I swear I haven't changed  
But if change is for the better  
Let me know  
'Cause I never let you go  
And now I just wish I could tell you  
What I've been thinking for so long

You are the reason that I'm breathing,  
Yet you take my breathe away  
And I won't forget the day you told me  
You are the heart inside my chest  
You're the reason that it's beating  
And I couldn't bear to be without you

Now I'm here again,  
I know it's been a while  
But my motives never changed  
I simply took some time  
To rearrange  
The words I'd say  
In hopes I'd find a way  
To win you over  
Getting over you  
Is something I've found much too hard to do

You are the reason that I'm breathing,  
Yet you take my breathe away  
And I won't forget the day you told me  
You are the heart inside my chest  
You're the reason that it's beating  
And I couldn't bear to be without you

I thought it'd keep you happy if I  
Kept it inside, but it's too hard to hide  
So this is me revealing  
The way that I've been feeling  
And I think you're aware  
No one else could compare to...

You are the reason that I'm breathing,  
Yet you take my breathe away  
And I won't forget the day you said,

You are the reason that I'm breathing,  
Yet you take my breathe away  
And I won't forget the day you told me  
You are the heart inside my chest  
You're the reason that it's beating  
And I couldn't bear to be without you
