"Your world's not real,"
The words echo through my ears
Affirming all my fear and doubt
I'm lost without you here.
Is this life I live a lie?
When I leave will I be alive for the first time?
You've infected my mind.

You keep telling me what you know
But, baby, what do you believe?

If I'm dreaming
Will you be there to wake me up?
I am your reality:
The only thing that you believe in.
Make up your mind.
I'll be waiting when you come back to me.

We can still be together,
In this world we built, forever;
But you never take the chance
It's now or never.

You keep telling me what you know
But, baby, what do you believe

If I'm dreaming
Will you be there to wake me up?
I am your reality;
The only thing that you believe in.
Make up your mind.
I'll be waiting when you come back to me

"You're just a shade.
You're not enough for me.
You're not enough"
I don't want to be a truth locked in your mind
"You'll always be a part of me"
I don't want to be a lie you hide behind,
Never knowing,

If I'm dreaming

Will you wake me up?
I am your reality,
There's nothing left aside from me

If I'm dreaming
Will you be there to wake me up?
I am your reality,
The only thing that you believe in
Make up your mind
I'll be waiting when you come back to me
