Don'tcha wanna live
Don'tcha wanna live
Don'tcha wanna live
(Night)
Don'tcha wanna live

And I get up
I run through the world like a fire
Heat it up
I swim in the flames of desire

Chase it if you care, take it if you dare
It's there in the air
Answer to the gun, dance in the sun
Run, boy, run

Run for your life
You're movin' on and on
The art of survival
Is it turnin' me on

And I'll be chasin' it all night long
(Don'tcha wanna live)
Said all night long
(Night)
(Don'tcha wanna live)

Chasin' it all night long
(Don'tcha wanna live)
And I'll chasin' it all night long
(Night)
(Don'tcha wanna live)

And I get out
I roam through the streets like a tiger
Let it out
I swing like a bird on a wire

Everywhere you go, everybody knows
Oh, don'tcha know
Everythin' you do, anybody knew
All on to you

Fight for your life
And turn it all around
The art of survival
Isn't gettin' me down

But I'll be chasin' it all night long
(Don'tcha wanna live)
I said all night long
(Night)
(Don'tcha wanna live)

Takin' it all night long
(Night)
(Don'tcha wanna live)
I'll chasin' it all night long
(Don'tcha wanna live)
Yeah

[Incomprehensible]
You're movin' on and on
The art of survival
Is it turnin' me on

Chasin' it all night long
(Night)
(Don'tcha wanna live)
I'm taking it all night long
(Night)
(Don'tcha wanna live)

Ooh, be takin' it all night long
(Don'tcha wanna live)
Breakin' it all night long
(Don'tcha wanna live)

Don'tcha wanna live
(Yeah, yeah)
Don'tcha wanna live
Don'tcha wanna live
