In darkness of night, when shadows are deep
Feelin' so tired, can't get to sleep
Talk to myself, got my head by the phone
this boy's not built for sleeping alone
Lied to myself when I said we were through
I'm low down dirty, I can't seem to live without you

In all of my life, I can't understand
the things that a woman can do to a man
Lead him around like a dog on a string
she'll let you down like you don't mean a thing
Act like you think I got nothin' to do
when you need my lovin', I might not be waitin' on you

Can't live with ya, can't live without ya
Its all the same to me
Can't live with ya, can't live without ya
Can't you see it's drivin' me out of my mind
Useless to say, if you find a good woman, send her my
way
Don't want to live like a toy on a shelf
Get down to my feet and look up somebody else
Hard to forget all the things that you do
My mind can't take it, I can't make no sense out of you

Can't live with ya, can't live without ya
Its all the same to me
Can't live with ya, can't live without ya
Can't you see it's drivin' me out of my mind
Useless to say, if you find a good woman, send her my
way
Don't want to live like a toy on a shelf
Get down to my feet and look up somebody else
Hard not to bet when there's nothing to lose
My mind can't take it, can't seem to shake it with you
