Bend your back by the light o' the sun
You come to the business, you're the number one, ooh
yeah
When twilight comes you're a runner in the night
It turns you on like a hot tail-light

Get down, you really get down, you never let down
Come down, you never come down, you never come
down

Emotions in motion
Emotions in motion, yeah
Emotions in motion
Emotions in motion

Back street boy gonna sell you some sin
Wind you up, he gonna suck you in
The blood say yes, the mind say no
The voice in your ear say you go, go, go

Run down, you really run down, you really run down
Cool down, you never cool down, you better cool down

Emotions in motion
Emotions in motion, yeah
Emotions in motion
Emotions in motion
Give yourself to a life of extremes
You're into the action, it's a part of your dream
Now there's some things, you never can tell
When the door lies open, throw your coins in the well

Get down, you really get down, you really get down
Right now, you want it right now, hold tight now

Emotions in motion
Emotions in motion
Emotions in motion
Emotions in motion

Emotions in motion
Emotions in motion

Emotions in motion
Emotions in motion

Take it, ooh
Ooh yeah, yeah
Check emotion
