I never thought the day would put a twist on what we  
thought was true  
I smile out loud just because of the way you make me  
feel the way you do  
Sprawled across my floor I wish that you would never  
have to leave my door  
But if the world held a grudge against you, I'd hold a  
grudge against the world...  
A big scary world

I wear my soul upon my sleeve  
I wear my sole upon my feet G-Z

I'll make you believe in what you see, I'll make you  
believe in what you can't [x4]

I gotta find my elf her little wings  
So she can fly above and sing  
I don't know what I know but I know I want you to be with  
me  
I see us walking hand in hand on the shore  
I see us walking, I want more  
But if the world held a grudge against you I'd hold a  
grudge against the world///  
A big scary world

I wear my soul upon my sleeve  
I wear my sole upon my feet, G-Z

I'll make you believe in what you see, I'll make you  
believe in what you can't [x4]

The sun is coming up [x8]

Everyday I feel the same and I feel as though things  
will never, ever, ever change [x6]
