L-o...whaddo I know  
V-e...she's not comin' back to me  
L-o...i can't let go  
V-e...tell ya what that girl don't mean to me  
So you see my friend...  
Love is just a four letter word

Once there were schoolyards with children at play  
Once there was england...and one sunny day  
One kinda woman for one kinda man  
How could I know I was not in her plans

Say love...say love

When I was soarin' you urged me to fly  
When I was hungry you fed me your lines  
Led me to water...you sang me your song  
One day when I woke up I found you were gone

Say love...say love...  
Say love...say love...  
Nobody told me...love is just a four letter word

L is for losin' the love that you crave  
And o is when it's over and your heart can't explain  
V is for the victim...the victim of the crime  
And e is every morning when you break down on time  
So you see my friend...love is just a four letter word

L-o...i can't let go  
V-e...friends all say just let it be  
L-o...oo-oo  
V-e...

Forget your illusions...forget what they say  
'cause all your dreams of happiness  
Have just blown away  
Once in a lifetime your spirit will fly  
That's what she told me 'fore she told me good-bye

Love...say love  
Love...say love

So you see my friend...love is just a four letter word

L is for losers when fortune turns blue  
And o is overcomin' what you know to be true  
V is for the vengeance that's left out in the rain  
And e is each and every night you crumble in pain  
So you see my friend...love is just a four letter word  
So you see my friend...  
I say "stop - don't say it"  
So you see my friend...love is just a four letter word

L-o...whaddo I know  
V-e...she's not comin' back to me  
L-o...i can't let go  
V-e...tell ya what that girl don't mean to me

We're just the victims of the powers that be
