Little miss intent, I can see it in the way you smile
Ah you've been lonely now for quite a while, it's all
behind you
Little miss intent, I sit and watch you dream your life
away
You live tomorrow but you lose today, I got no mind to

I wanna learn you
I wanna learn you, I wanna know your face
How can you laugh when I'm the one who wants you
How can you laugh when I'm the one who wants you

Little miss intent, I can see it when you close your eyes
You got your vision set on paradise, well I got mine too
Little miss intent, if I could only have a word with you
I know exactly what you're going through, cause I been
lied to

Nowhere to run to
Nowhere to run to, nowhere to hide your face
How can you laugh when I'm the one who wants you
How can you laugh when I'm the one who wants you

I wanna learn you
I wanna learn you, I wanna stay the night
How can you laugh when i'm the one who wants you
How can you laugh when i'm the one who wants you
