You came to me like my alarm  
I carved your first and last name in my arm  
Now I only wear black so maybe then you will see  
I'm just a shadow of what I'm not supposed to be

You fuel my fire with your laughs and your frowns  
You call me a freak and join the circus you clown  
I heard a man say that I do it for attention  
I never thought of that but now that you mention...

No I never drank blood before but I look like I might  
With my face painted white

For just this once I wish you'd all just hear what I have  
to say  
For just this once I wish you'd all just turn and fade  
away

But now-a-day's are different from way back when  
So hard to be yourself when your 4 + 10  
For the very first time I feel kind of special  
My mom says be normal yet she just got a facial

When my parents go away on their trip to Club Med  
Then I'll join your tour and be a real dead head  
I heard a girl say that I do it for attention  
I never thought of that but now that you mention...

I spent my last ten bucks today on black hair dye  
You know dye rhymes with die

For just this once I wish you'd all just turn and fade  
away  
For just this once I wish you'd all just hear what I have  
to say

Hear what I have to say

A psycho killer  
What kids could say  
It doesn't matter any way

It matters anyway
