She goes down

She...walks into your life so effortlessly

Makes you swallow...she go down

She make you look--she's trouble boy, oh yea

She'll take your life into her hands, oh yea

She goes down--she never gets enough

She goes down--she never gives it up

She...laughs at all the things you pretend to be

You're a gone boy...she's the one

She got the look--she's soul attraction

She'll lead you out across the line

She got the love that comes in colors

She got the touch that's hard to find

She wrote the book--spells trouble boy, oh yea

Run for your life--she'll make your plans, oh yea

She goes down--she never gets enough

She goes down--she'll never give it up

Cause she makes you...she go down

Say she'll take you ...she go down

She acts out all your dreams--she'll be your fantasy

You're a schoolboy in her arms and she'll teach you

She got the love that comes in colors

She got a touch that's hard to find

She got the gun--she's got the power

She'll shoot it up do you dare to try

She makes you...she go down

And she'll break you...stick around

She goes down--she never gets enough

She goes down--she never gets enough

She goes down--she'll never let you up

And she'll take you...she goes down

And she'll make you...she goes down
