Stranger, stranger...

I...don't know where I'm goin'  
But what I'm leavin' behind...I already know  
Run...the streets have no ending  
But what I'm hopin' to find...I just can't ignore

I live to be strong...I want to be king  
But I act so unwise--look how foolish I've been  
When time after time...I try to be me  
But I look down inside--it's the stranger I see

Stranger, stranger...stranger to myself  
I was born on the other side of life  
I'm just a stranger...stranger to myself  
Never thought I'd ever cry  
Never thought we'd ever be denied

Stranger to myself...

Why...are my thoughts so uncertain  
Will I ever unwind...this damage I've done  
Love--It's a fight--it's your life--it's not over  
Can you look at me now...and show me I'm wrong

For once in my life...I want to be good

But I'm playin' the bad boy...much more than I should  
When time after time...I try to explain  
Those voices inside...they're callin' out again

Stranger, stranger...stranger to myself  
I was born on the other side of life  
I'm just a stranger...stranger to myself  
Who'd have thought we'd ever hide  
Who'd have thought we'd ever be denied

Now don't ask me why...I don't really know  
But sure as I'm breathin' I've got to let it go  
The eyes of a man...see the world of a child  
The door it lies open--won't you step inside and see the

Stranger...stranger to myself  
I was born on the other side of life  
I'm just a stranger...stranger to myself  
Who's to fall if you won't try  
Who's to fall if you won't try...you won't try...you don't  
wanna try

Stranger to myself
