I'm all dressed up and ready to fall in love.
Are you ready heels? Stop stomping!

Here I am looking for crime I'm looking for some action
What I have a million times will give you satisfaction
So don't you mess around with me you won't know what
to do
'Cause I'll put on my cha cha heels and walk all over
you.

chorus
Gimme gimme cha cha heels.
All I want is cha cha heels
Gimme gimme cha cha heels
If I don't get my cha cha heels
I'll walk all over you.

Dressed up just for trouble to do what must be done
I'm gonna burst your bubble, the fun has just begun
So don't you mess around with me you won't know what
to do
'Cause I'll put on my cha cha heels and walk all over
you.

(chorus)

I'm all dressed up and ready to fall in love!
I'm all dressed up. Gimme Gimme Gimme!

Going back to Boise I'm itching for a fight
I'm looking for a lover who loves my dynamite
So don't you mess around with me you won't know what
to do
'Cause I'll put on my cha cha heels and walk all over
you.

(chorus)

Are you ready heels? Stop stomping!
