I aint missin you, dont care what you do  
Your the one who left me crying sad and lonley  
I aint missin you what we had is through  
I aint missin you at all

Call me on the phone thinkin that Id be home  
Its as if you feel I have no life without you  
But Ive got news for you baby Im moving on  
I aint singing no sad song  
yea yea oh

Cause I aint missin you  
I aint missin you, dont care what you do  
Your the one who left me crying sad and lonley  
I aint missin you what we had is through  
I aint missin you at all

Guess you never though someone could take your  
place  
Love me better and kiss all the hurt you give away  
Never been happier baby since youve been gone  
And I aint singing no sad song  
yeah

Cause I aint missin you baby  
I aint missin you, dont care what you do  
Your the one who left me crying sad and lonley  
I aint missin you what we had is through  
I aint missin you at all

All the things youve put me through  
Couldnt be  
Had to step back and find myself  
Now I know how to love so much better

I aint missin you, dont care what you do  
Your the one who left me crying sad and lonley  
I aint missin you what we had is through  
I aint missin you at all

I aint missing you

What we had is through  
You the one who left me crying sad and lonely  
I aint missing you  
What we had is through  
I aint missin you at all

You thought that when you left me  
Id be missin you but it isnt true
