It's funny how memories, keep bringing you back to  
me  
Just when i started to get myself together again,  
thoughts of you come creeping in  
We met at a party in June, wasn't really trying to notice  
you  
You looked at me with your sweet brown eyes, you  
walked up and said hi  
Who would have known that a love affair like ours  
would grow, then slip away

Still miss that old skool love  
Not quite that do right love  
Your love was fine, but never on time  
Your steady on my mind  
Still miss that old skool love  
Not quite the right one love  
I dont want you back, but i'll never ever love the same  
way again

Now here i am starting over with a new love  
He's a real man with a good heart, he's more than  
enough  
Laid back and smooth with a warm and gentle touch  
Near or far, his love is (never ever) never too much  
(There i go again) Thinking 'bout your lips when im  
kissing his  
(There you go again) Throwing me back, making me  
reminisce  
And i know it's wrong, to be holding on, damn you for  
being the one that i love

Still miss that old skool love  
Not quite that do right love  
Your love was fine, but never on time  
Your steady on my mind  
Still miss that old skool love  
Not quite the right one love  
I dont want you back, but i'll never ever love the same  
way again

Didn't you tell me that you'd never tell me lies?(ya you)  
And didn't you tell me that you'd never say good-bye?  
(ya you)  
All of my heart, you tore it apart

I just can't let go..

Still miss that old skool love  
Not quite that do right love  
Your love was fine, but never on time  
Your steady on my mind  
Still miss that old skool love(i just can't let your love go)  
Not quite the right one love  
I dont want you back, but i'll never ever love the same  
way again

I don't want you back no, no  
I dont you back, but i'll never ever love the same way  
again...
