It's funny, how memories
Keep bringing you back to me
Just when I started to get myself together again
Thoughts of you
Come creeping in
Met at a party in June
Wasn't really tryin' to notice you
You looked at me with your sweet brown eyes
You walked up and said 'Hi'
Who would have known
That a love affair like ours would grow
Then slip away

Chorus:
Still miss that old school love
Not quite that do right love
Your love was fine
Never old time
You're steady on my mind
Still miss that old school love
Not quite the right one love
I don't want you back
But I'll never ever love the same way again

Now here I am startin' over with a new love
He's a real man with a good heart
He's more than enough
Laid back and smooth
With a warm and gentle touch
Near or far
His love is (never) never
(Never) never too much
(There I go again)
Thinkin' about your lips
When I'm kissing him
(There you go again)
Throwin' me back, makin' me reminisce
And I know it's wrong (I know it's wrong)
Me holding on (me holding on)
Thank you for being the one that I

(Chorus)

Didn't ya tell me that ya never tell me lies
And didn't ya tell me that you'd never say goodbye
All of my heart
You tore it apart
Lord knows, your memory still remains
All that I know (all that I know)
Just can't let go (just can't let go)
Still miss that

(Chorus)

I don't want you back no no
I don't want you back
But I'll never ever love the same way again
