Staring at a blinding light I keep my fears deep down,
I keep my fears deep down under this cold cruel dawn.

While I take a deep breath I close...
I close my eyes and try to bear this pain.

I just can't believe what they do,
They wanna close my eyes
They wanna close my eyes forever.
No no no no no

I don't know, I can't believe, I just can't stand it
I don't know, I can't believe, I just can't stand it

Bearing all this pain, I'm hoping
tomorrow will be better, tomorrow will be better

New Sun is rising on the East of my own planet And I
want it that way, want it that way, want it that way, want
it that way

I don't know, I can't believe, I just can't stand it
I can't believe (I can't believe) I just can't stand it

I'm waiting in the dark and I'm speaking to you in
another language,
You can't see perfection (see perfection) see
perfection
in front of your eyes...

I'm unreachable for you, 'cause unknown things ain't for
the human
You can see no way out of this fact. You ignore me. You
ignore me.

Bearing all this pain, I'm hoping
tomorrow will be better, tomorrow will be better

New Sun is rising on the East of my own planet And I
want it that way, want it that way

You're stealing my life to see through my eyes,

Even if I'm not your enemy, your enemy

New Sun is rising on the East of my own planet And I
want it that way, want it that way, want it that way, want
it that way

You turned off the switch of my life,
Everything is cold, sun won't shine again...
