You can Dominate, the land and the sea, But the air you  
wont reach at all

Fly, fly very high son, Fly fly very high son  
Before the Blue ocean Sink all of your dreams, and eat  
your life away

My dear son today I will teach you  
To fly like the birds, you'll pursue the winds, and kiss  
the clouds

Fly, fly lower son fly  
Fly fly lower son fly  
Before the father sun, burn your wings, and steals your  
name

Icarus my dear son, we're about to set out on  
The flight no human has been able to achieve

BreakdownÂi

With my feet I will touch, the White Meerschaum, and  
my hands will reach the skies

Look at them, down below, they thinks we're Gods, that  
fly over their territories, blessing their humanity

Don't draw near the sea, it can sink your wings, it can  
sink your heart  
Neither the sun, because you can lose, your flying

Under the sun icarus Flouted the death, But knowing  
that goes up has to go down

The sun destroyed his wings very son, he began to fall  
and his dreams melted

Icarus, Icarus Icarus  
My dear son where are you

Icarus, Icarus you will rest in the sea, My victory on the  
air wont be the same anymore, Without you
