"Ignorance Is Bliss"

I rely upon your charity to survive
I deny myself to prove that I'm alive
I plead guilty if sweet innocence is this
I support the motion "Ignorance Is Bliss"

Kill me with your kiss
It's "Whoops Apocalypse!"
Ignorance must be bliss

You rely upon my charity to survive
I deny myself to keep this love alive
You walk headlong off the edge of the abyss
I oppose the motion "Ignorance Is Bliss"

We rely upon our charity to survive
We deny ourselves the luxury of life
We could go on fighting till there's nothing left
I propose the notion "Ignorance Is Bliss"
