Huge tailspinÃfÂçâ,¬"is the world gonna win?  
Is the nation gonna open up and let us in?  
Hard luck! Your policies suckÃfÂçâ,¬"  
Your rhetoric will save your face, but not your skin

This timeÃfÂçâ,¬"it's hard to define  
So watch the leaves turn brown for the last time  
Too late! You've sealed our fateÃfÂçâ,¬"  
No returns, no emergency debate... but wait!

I hate unhappy endingsÃfÂçâ,¬"and there doesn't  
have to be one!

TailspinÃfÂçâ,¬"your hair's getting thin

\*\*\*\*

\*\*\*\*

Your rhetoric will save your face, but not your council  
estates

GeeÃfÂçâ,¬"life is cheap!  
The forests pine and the willows weep

Checkmate! You've sealed our fateÃfÂçâ,¬"  
The world is way past its sell-by date

TailspinÃfÂçâ,¬"is the world gonna win?  
Tailspin's on the outside looking in  
Tailspin, I repent my sins  
But when I get to heaven will you let me in?  
Tailspin, save our kin, save our skin...

The message we are sending is a very real one  
The world we are defending could be a very green one  
We hate unhappy endingsÃfÂçâ,¬"and  
THERE DOESN'T HAVE TO BE ONE!
