Slice of the blade, penetrate the flesh  
Form pools of blood, your head I crush  
With broken glass, in cruor you are blessed  
Scream like a bitch, into your face my fist!

Your turn to pray, time to feel karma  
Violent wrath, persecution drama  
Enter my world, one thing you will regret  
Mutilation, the concrete you have met

The nightmare has begun  
Charges have been pressed  
I plead not guilty, no bond for my arrest  
To many options, so very little time  
Time served, I've paid for this crime.

Aggravated battery  
You begin to bleed  
Aggravated battery  
Growing hate filled seed  
Aggravated battery Time to feel pain  
Aggravated battery I'm the one insane
