I am what you fear, your soul I hold for ransom  
Return to claim what is ours, reasons we are driven

Strong in frame of mind, sins are unforgiven  
Predator of vengeance, victims of demise  
Put to the test, prove you have no fear  
I have returned, time to make a stand

I come from a dying breed, conquer, survive, feel the  
need  
Outlive all those who have tried, my blood thickens, we  
will rise

Paid are my dues, here to claim reward  
Your loss my gain, watch as I grow strong  
Can't stop us now, this force was meant to be  
Surge through my veins, blood of nations

Killing machines we are, all the rules have been  
changed  
Take down those who oppose, you will not live to see  
You will not live to see, will not live to see

Strong in frame of mind, sins are unforgotten  
Predator of vengeance, victims of demise  
Put to the test, prove you have no fear  
I have returned, time to make a stand

Killing machines we are, all the rules have been  
changed  
Take down those who oppose, you will not live to see  
You will not live to see, will not live to see
