"Embrace"

Vain words of promise
Roaming through time
Burning souls that can not see
The laugh behind the holy disguise

Like a serpent in the dark
Longing for the prey
Spreading fear and scaring with threats
Within the speech there is dismay

"Crawl to me, I carry the light...
Don't say a word-you know I'm right
Embrace these lies that lock your doors
Don't ask a thing-the faith is yours"

So wait and see
Fate's coming to me

Without a question there are no doubts
For those who nod are those who bow
To something which they hope there is
The helping hand-"down on your knees!"
