Failed creation  
In all his arrogance  
Revelation has prophesied retribution  
A plague of suffering castigations

Open your fucking eyes! (x3)

Seas wash us away  
Wars being waged  
Famine stricken cultures still enslaved  
Blind to the signs  
A fate we've contrived  
Marching headfirst into this...

Grand damnation  
The final holocaust  
Casting us as one into abyss  
Submerged beneath oceans of self-disgust  
All forsaken  
And burning for their lies(x2)  
Open your fucking eyes!

Seas wash us away  
Wars being waged  
Famine stricken cultures still enslaved  
Blind to the signs  
A fate we've contrived  
Marching toward the...

End of time!  
Are we so blind to the signs?  
Suffer the fate we've contrived  
Descending hollow shells  
Precipitation of shrapnel  
Falling from the sky

Chemical gassing the terrified masses  
Engulfing the world in denial  
In denial!

Absolution cleansing their wicked minds  
Entradition for sins comprised

Penitence, man kneeling before his cross  
Ask yourself where...  
Where does his judgment lie? (x2)  
Open your fucking eyes!

Seas wash us away  
Wars being waged  
Famine stricken cultures still enslaved  
Blind to the signs  
A fate we've contrived  
Marching toward the...

End of time  
Are we so blind to the signs?  
Suffer the fate we've contrived  
This time their lies  
Rendering our senses so blind  
Suffer this fate we've contrived
