An incantation spell bound to disease  
A petrified existence on you kness

And I felt you slipping away  
I felt you slipping away, more every day

You pray for a savior  
You cries fall on deaf ears  
False gospels enraptured  
This worshipping of thieves

A railroad crossing confined to the tracks  
No intersection with no turning back

And I felt you slipping away  
I felt you slipping away, more every day

You pray for a savior  
You cries fall on deaf ears  
False gospels enraptured  
This worshipping of thieves

Plant a seed festering

Sprouting a stem of dependency  
Snot this bliss be dismissed  
Be temporarily no!  
It starts with just a taste  
For some that's's all it takes

Enter me and be free  
Te darkness consistent  
Every dosaged rised heresy  
Accepting christ intravenously

You pray for a savior  
You cries fall on deaf ears  
False gospels enraptured  
This worshipping of thieves

You pray for a savior  
You cries fall on deaf ears

False gospels enraptured  
This worshipping of thieves

And I felt you slipping away...
