[lyrics - leighton]

Carried on the currents wave  
I tried to hold on to the past  
A morning breeze,  
A cold reminder  
I must face what is to come  
As winter calls my heart wanders  
To summer memories of yesterday  
I close my eyes and fear another  
Year is gone

Watching the leaves fall  
Remembering yesterday  
But I can't go back now  
Can I stand on my own  
Or will I fail without you

My eyes still see the same  
And what I see I can't understand  
And what I've tried  
So hard to gain  
I feel slipping through my hands

I remember when I knew  
All the answers  
It seems so long ago  
Now I have only memories  
And I find them hard to hold  
Each day I try and find a reason  
As it all just drifts away  
I reach out...are you there?

The leaves have fallen  
Reach for tomorrow  
While holding on to the past  
Can I stand on my own  
Or will I fail without you

We stand together

Waiting on a forgotten dream  
Trying to justify our feelings  
But these changes  
Just bring us pain
