[lyrics - anderson]

Skating in a circle of confusion  
Facing the days  
And nights to come  
Tracing my steps  
And feeling I've been here before  
Wishing to find a switch or just  
Slam the door

Synchronized cries  
Somber lives  
Shadowed words forgotten  
Found a little place  
To tuck it all away  
I found a place where it can stay  
Is that the answer to it all

Fraying rug on the floor  
Tattered and worn like  
The nights before  
I can't seem to find it  
But I can't seem to hide it  
I know I can't break it  
I just want to smash it

There was a place inside of me  
A place I never knew I had  
Confronted by my fears  
My barriers broken down  
This was all left revealed

In a way I don't know  
Why we bother  
Do we love to hurt each other

We go through life to love  
We go through life with hate  
Will we go through life alone...?
