Well, here's the intro  
It's nice and simple  
Cuz Son's the nympho  
Yo, there's the info  
I'm the B-boy  
Who takes out decoys  
Like Leonard Nimoy  
I heard Bruce Leroy  
I'm catchin' bullets  
With my teeth  
To make it brief  
Yo, I got no beef  
But I'm feelin' iry  
That's in my diary  
My voice is fiery  
Fuck my rivalry  
I drink pina colady  
I get diabolic  
Like the bubonic  
Plague  
Egg is the shape of my dome  
Don't bring it home if you can't use a comb  
I side with the Dukes  
For all my folks  
I rock the crowd and go for broke

Chorus:

Cuz the funk's on me... the funk's on me... the funk's on  
me (2x)

I'll do the tango to the Star Spangled  
Play the bango then eat a mango  
Cuz I funk daily  
Like Pearl Bailey  
I'm not an Israeli  
But I'm hittin' like Halley's  
Comet  
Drop it  
Funk is the topic  
I'm off like a rocket  
A porno in a pocket

I'm different  
Funk's what I'm stimpin'  
Like Andy Griffith  
Think I'll go fishin'  
Catch me a crooner  
The crazy Son dueler  
Mr. Wang also got big fat cojones  
Step to the fellow  
Like Abbott and Costello  
I'm kinda mellow yet I can't stand yellow

Chorus (4x)

Bridge

I kick the phat funk  
For your back trunk  
No, I smack punks  
Who's Michael Jackson?  
Cuz I rock a party  
Good golly Miss Molly  
Know I'm flava like beef teriyaki  
Skills are scorchin'  
Here's a portion  
Punk, use caution  
Like Wheel of Fortune  
Go round and round  
Where will it stop?  
I throw hip hop  
So I'll never get dropped  
The Soul Assasin  
Who's strong like Sampson  
I'm ill like Manson  
I'm harrassin'  
Empty MC's  
So punk, don't tempt me  
You know I'm flava  
Just like dente

Chorus (6x)
