Here we go (repeated)

I suffer from the worst torment, burn my flesh  
Screaming from the mercy, i fell from the rest  
Humiliate, dissappoint, i'm stressed with the headache  
My heart stopped beating, quick the paramedics  
I heal from the wounds, realived or fatigued  
Many still at ease from the struggle, pray for peace  
Aggrivate a soul, who's at fault is it now  
Embarassed from the frauds that are hostile and wild  
Don't blow the fuse, so what, just for instance  
Niggas wanna set it, fool, make no difference  
Loonie of the looniest, the mighty Funkdoobiest  
So fuck you and that fake crew that you be with

Chorus

We ain't hearin' it, havin' it, it ain't goin' down  
(Fuck what you heard, it's about what ya hearin')  
(4x)

They try to put shame in the name and kill a back  
stabber  
The sucka ducked shit, of course it made me madder  
Matters worse, the situations knotty  
Nobody's dolly in society's party  
Reveal all the evil that occured in the act  
Bloody was the incident, shall burst in you back  
The price of betrayal, the faces turn pale  
Rumors have failed, truth have prevailed  
Tales in the mist, but don't believe the nonsense  
Everybody's getting over, nobody's honest  
Break a promise to sabotage fortune  
A portion of lies, who could be the spy  
Sneaking in the film, mini reel, keep it solid  
The loot on their mind with their eye on their wallet

Chours

99 bottles of beer on the wall  
Anonther all gone cause T-Funk drunk 'em all  
I call all you peasents in fear near the hour

Niggas self destruct, implode from the power  
Tower  
Many of course have seen the 4 fronts  
Smoking more blunts and fucking more stunts  
Seems like an epidemic, the phony spreading  
Giving atrocities, didn't see the dead end  
Whatcha gonna do with the picca boo 1, 2  
Break a fool up in this bitch nothing knew  
Cause you'll be the victim, treason is the reason  
Don't wanna be locked down for the season  
These are the schemes that prove themselves evident  
Incomplete, non-sipher, irrelevant

Chorus

Here we go (fades with song)
