From the tears and the pain and the fears and the rain
From the dark to the light you were once shining bright
(x2)

Put your hand in my hand
Put your hand in my hand
Put your hand in my hand
Let me show you the way

Put your hand in my hand
let me show you the way
And you will understand
i will show you the way
(x3)

i will show you the way
(x2)

Put your hand in my hand
(x2)
let me show you the way

Put your hand in my hand

Let me show you the way
and you will understand
I will show you the way

From the tears and the pain and the fears and the rain
(I will take you)
From the dark to the light you were once shining bright
(Let me take you)

Put your hand in my hand
Let me show you the way
and you will understand
I will show you the way

From the tears and the pain and the fears and the rain
(I will take you)
From the dark to the light you were once shining bright
(Let me take you)
