Watch out for the hitman
Watch out, watch out
Watch out, watch out

Here we go back to a groove
Back and forth to make you move
Get up to the funky music
On the dance floor and
Just swing it

Tonight's the night for
You to let it hang out
You get funky while
I get the house

Now I know that
You got soul
There it is
Put the ace in the hole

Feel the vibe
While the rhythm controls you
I command you to get loose
Yeah, I know you like my style
Grab a girl and get buck wild

Show me what you got
While the noise is pumping
The DJ's spinning
The crowd is jumping

Turn up the music
And let's motivate
Do that thing until
Your body starts to break

Watch out, watch out
Watch out, watch out

I won't give it up
Baby, till you drop
Get down on the beat

(Feel the pump from the Hitman)

The Hitman makes you move
Get into the groove
Let's turn on the heat
(Feel the pump from the Hitman)

Dance all night
Dance all night
Dance all night
Dance all night

Watch out, watch out
Watch out, watch out

Now it's time to prove
That you can move
But don't rush too fast
You might miss the last step

To a dance concept
K-Swing, I drop the power
That'll keep you
Rocking after hours

Come on, y'all
Let's turn it up a notch
The bass will vibrate
The dance floor will jump

Up and down when
The people starts to yell
Yeah, no time to chill
Dance all night cause
You gotta be strong
There it is
You gotta move on

Shake and bake your moneymaker
And let me take you to a style
That'll make you get down
Get down to a dope sound
Watch out for the Hitman

Watch out, watch out
Watch out, watch out

I won't give it up
Baby, till you drop
Get down on the beat
(Feel the pump from the Hitman)

The Hitman makes you move
Get into the groove
Let's turn on the heat
(Feel the pump from the Hitman)

Dance all night
Dance all night
Dance all night
Dance all night

Watch out, watch out
Watch out, watch out
Watch out, watch out
Watch out, watch out
