Vain words of promise  
Roaming through time  
Burning souls that can not see  
The laugh behind the holy disguise

Like a serpent in the dark  
Longing for the prey  
Spreading fear and scaring with threats  
Within the speech there is dismay

"Crawl to me, I carry the light...  
Don't say a word-you know I'm right  
Embrace these lies that lock your doors  
Don't ask a thing-the faith is yours"

So wait and see  
Fate's coming to me

Without a question there are no doubts  
For those who nod are those who bow  
To something which they hope there is  
The helping hand-"down on your knees!"
