I sit alone at night  
And hold on to memories  
Of all the women I once had  
In time they perish and die

When the came cliff for you  
You took away my last sunrise  
Through this painful loneliness  
That I still can't justify

Lips of thorns  
Hair of fire  
Aeon's cry  
Take me higher

Summer's eve can't erase  
This winter I'll bear inside my heart  
Save me from this torment  
Now our souls are torn together

I sit alone at night  
And still ain't got you to tell  
Am I a shell of a man  
Or just a man inside a shell?

Well, I'm trapped since you left  
And I'm too sad to be afraid  
How can I go on living  
Since I'm just Wrath in Earth's domains?
