Xavier: One day you'll tell me that you want to stay  
Alone  
And you will have to  
And I feel so much better to know

One day you'll ask me to sing you a song  
And I will have to  
And you feel so much better to know

Ref:

Xavier: 'Cause I wated all my time  
And I am trying not to hide

Juliette: I don't want to go astray, stay on my side

Juliette: And then you asked me how to make you a  
home  
As if I knew

And

And then you told me now,  
Out of the blue

Ref:

Xavier: 'Cause I wated all my time  
And I am trying not to hide  
Juliette: I don't want to go astray, stay on my side
