Blood fills my eyes, screaming drowns out the world
Chaos, confusion, a melee soiree
Survival and murder are dancing together
I never was forced to endure this, the choice was mine

Home and family are waiting, worried and wondering
How did I get here? How am I still here?
Time and again mercy flaunts it's releases
I've made my stand and I back down for no man

Bring me the eyes of the blind
Bring me the hearts of the faithless
Let Hell have them

Ravens sing the final song
Toll the bells before the dawn
Martyrs by morning
Our banners: "Death or Glory"

Suffer no fear
Suffer no odds
Suffer no fate nor the will of the gods

Some lack the vision to see, the nerve to believe
They say our crusade a fool's errand
How can you call that a life if you've not risked it?
Breathing, existing, and yearning without ever earning

Bring me the eyes of the blind
Bring me the hearts of the faithless
Let Hell have them

Ravens sing the final song
Toll the bells before the dawn
Martyrs by morning
Our banners: "Death or Glory"

Will I live to see the sunlight?
Will I dance with death tonight?
Twilight breaks with many against one
How can I yield?
I am not done

Hell can wait

Ravens sing the final song
Toll the bells before the dawn
Martyrs by morning
Our banners: "Death or Glory"
