I do not threat  
I do not warn  
I only speak of what I'll mourn

Every time you turn and run  
You blindly aim your loaded gun

Ironic place for pride to be  
You are your own worst enemy  
Every dream chased in haste  
Another day gone to waste

Time burns short  
Patience thins  
Keep this up  
No one wins

Will this end?  
It just might  
So hold me close  
Hold me tight

Close your eyes and open wide  
Meet me on the other side  
You're not the kind you find every day  
But I would leave you anyway

I do not threat  
I do not warn  
I only speak of what I'll mourn

Faith alone is not a plan  
Save us now  
I know you can

Time burns short  
Patience thins  
Keep this up  
No one wins

Will this end?  
It just might

So hold me close  
Hold me tight

Close your eyes and open wide  
Meet me on the other side  
You're not the kind you find every day  
But I would leave you anyway

We dance an endless dance  
How long must this continue?  
We could go separate ways  
But they would just be circles

These sunsets seem the same  
Fools weep but I know better  
I will remember them  
I will remember yesterday?
