Blood drips from my lips and paints a vivid picture of  
you

My tears seep into the soil and poison all the rivers  
Deny me of my sky and feel the wrath inside me  
My arms, your casket, my eyes, a doorway to my soul

I can't die

I am forever

Blood drips from my lips and paints a vivid picture of  
you

My tears seep into the soil and poison all the rivers  
Deny me of my sky and feel the wrath inside me  
Fragile, immortal creature, a shadow of myself

I can't die

I am forever
