You don't know the meaning of misery  
You dragged me down, brought me down  
Your life is nothing more than an illusion  
And I know your emotions inside out  
You don't even know

Why can't you see through the lies  
Wake up and open your eyes  
Please don't abandon my side  
If I don't leave you, I'll die

Fuck you and all your bullshit, waste my time  
You, I'll drag you down, rip you down  
My smile is nothing more than an illusion

And I know your emotions inside out and  
You won't ever know

Why can't you see through the lies  
Wake up and open your eyes  
Please don't abandon my side  
If I don't leave you, I'll die  
If I don't leave you, I'll die

In my eyes, I see you burning

Never again  
Hold you  
Never again  
Touch you  
Never again  
With you  
Never again  
Cry for you
