Rainbows and Butterflies

By Billy Swan

Baby the world has gone crazy,
They say true love doesn't exist.
The practical doubt it,
The cynical shout it.
But I think there's something they've missed.
Cuz I can't help falling in love dear,
Each day when I open my eyes
For seein' you there,
I become so aware,
Of the magic that fills up our lives.

Chorus:

I love rainbows and butterflies
Wallflowers and starry skies
And dreams that aren't afraid to come true
Sunsets and autumn leaves
Snowfall and make believe
But mostly just being with you

Verse 2:

Sometimes the world gets so frightenin'.
It tangles you up in its web.
It tempts you with gold,
It empties your soul.
It robs you and leaves you for dead.
So I turn to you with your sweet love,
To fill and replenish my soul
Restore and revive
Make sure I'm alive
And darlin' that's when I know

Chorus

Bridge:

Darlin your love has opened my eyes
Living for love's made me realize.

Chorus x 2 and fade out
