These days you're doing very well  
No time for me I can tell  
You live in heaven I live in hell  
Come down to earth,  
angel

These days you're moving very fast  
You treat me like I'm second class  
You try and pass me by  
But I won't let you pass  
Come down to earth, baby  
Come down to earth  
Come down to earth

These days you seem to be on a roll  
No matter what the cost  
you must reach that goal  
well, business is business  
No time for the soul  
Come down to earth, baby

Sometimes it's easier to forget  
Pretend you don't know me  
easier yet  
You think you don't have to pay your debts  
Come down, Come down,  
Come down to earth

Come down, Come down,  
Come down to earth  
I wish you should

I remember you, Do you remember me?  
And all the things We were going to do  
Do you remember but I remember  
These days you're doing very well  
No time for me I can tell  
the word heaven I want to yell  
Come down to earth,  
angel

These days you're moving faster  
You don't treat me as classier  
But I won't let you Pass it on to her  
Come down to earth,  
angel

Come down, Come down,  
Come down to earth  
Come down, Come down,  
Come down to earth  
Angel
