Remember when we met The way you made me laugh
How could I forget I found my better half
But lately I've been feeling strong And you've been
falling behind
Oh tell me what went wrong 'Cus I can't read your mind

I'm on your side Are you too blind to see
I'm on your side You know I'm not the enemy
Don't push me away There's nothing to hide
I won't betray you baby
I love you babe I'm on your side

Remember how we kissed The first time in the dark
Your lips were on my lips Your heart was on my heart
But last night when you went to sleep
You turned your face to the wall
If you put your faith in me
I'll catch you when you fall

I'm on your side Are you too blind to see
I'm on your side You know I'm not the enemy
Don't push me away There's nothing to hide

I won't betray you baby I love you babe
I'm on your side

Lately I've been feeling strong
And you've been falling behind
Oh tell me what went wrong
'Cus I can't read your mind

I'm on your side Are you too blind to see
I'm on your side You know I'm not the enemy
Don't push me away There's nothing to hide
I won't betray you baby
I love you babe I'm on your side

I'll hold on to you No matter what it is
You're going through babe
I love you babe I love you babe I love you babe
I'm on your side Are you too blind to see
I'm on your side You know I'm not the enemy

Don't push me away There's nothing to hide
I won't betray you baby I love you babe
I'm on your side
