"Send It On"

A word is just a word 'til you mean what you say
And love isnt love 'til you give it away
We've all gotta give
Theres something to give
to make a change

Send it on
On and on
Just one hand can heal another
Be a part
Reach a heart
Just one spark starts a fire
With one little action
The chain reaction will never stop
Make us strong
Shine a light and send it on

Just smile and the world will smile along with you
That small act of love thats meant for one will become
two
If we take the chances
To change circumstances
Imagine all we could do if we...

Send it on
On and on
Just one hand can heal another
Be a part
Reach a heart
Just one spark starts a fire
With one little action
The chain reaction will never stop
Make us strong
Shine a light and send it on
Send it on

Theres power in all of the choices we make
So I'm starting now, theres not a moment to waste

A word is just a word 'til you mean what you say
And love isnt love 'til you give it away

Send it on
On and on
Just one hand can heal another
Be a part
Reach a heart
Just one spark starts a fire
With one little action
The chain reaction will never stop
Make us strong
Shine a light and send it on
Send it on

Send it on
On and on
Just one hand can heal another
Be a part
Reach a heart
Just one spark starts a fire
With one little action
The chain reaction will help things start
Make us strong
Shine a light and send it on
Shine a light and send it on
Shine a light and send it on
