Hugged your friends  
Kissed your mama goodbye  
Baby in your arms and a tear in your eye  
Twelve hundred miles and you never asked why from  
me

Me and the baby and you side by side  
We all knew we was in for a long hard ride  
Nowhere to run and nowhere to hide it seemed  
We honked the horn when we crossed the state line  
Woke up the baby and she started to cry  
She must have known what we were going to find

This ain't nothin' but a Heartbreak Town  
Square people in a world that's round  
And they watch you dancin'  
Without the sound  
It ain't nothin' no nothin'  
You take your number and you stand in line  
And they watch to see how high you're gonna climb  
Pat on the back 'n' better luck next time  
It ain't nothin' no it ain't nothin' but a Heartbreak Town

Stardust well it's a funny thing

It can make you cuss  
It can make you sing  
And the need to touch it gets hard to explain some  
days  
I've seen 'em rise  
I've seen 'em fall  
Some get nothin'  
And Lord some get it all  
Some just run  
While others crawl away  
Hold my hand baby don't let go  
I've got some front money  
And I've got a next show  
And I'm gonna need you  
Down this yellow brick road

This ain't nothin' but a Heartbreak Town

Square people in a world that's round  
And they watch you dancin' without a sound  
It ain't nothin' no it ain't nothin' no  
You take your number and you stand in line  
And they watch to see how high you're gonna climb  
Pat on the back 'n' better luck next time  
It ain't nothin' no it ain't nothin'  
But a Heartbreak Town  
Town  
Heartbreak Town
